AFTER APPROVAL OF THIS ORDINANCE, THE FORMER ADMINISTRATOR AND FORMER FINANCE DIRECTOR DID NOT PROVIDE APPROPRIATE FIGURES IN WHICH TO VALIDATE THE AMENDMENT. I, SHRYLL M. BROWN, CLERK TO COUNCIL, AM ATTACHING APPROPRIATE RATIFIED MINUTES OF FAIRFIELD COUNTY COUNCIL TO CERTIFY THAT ORDINANCE NO. 382 WAS APPROVED BY COUNTY COUNCIL ON JUNE 28, 2001.

CLERK TO COUNCIL
FAIRFIELD COUNTY

The Clerk asked Council if these revisions were to occur as an amendment to the budget ordinance, would it then require three readings and a public hearing before this could be approved. Council Member Robinson expressed that the millage resolution is to soon occur. Mr. Killian maintained that if the budget ordinance is being amended, it would require three readings and a public hearing. *Council Member Robinson made a motion to accept First Reading (By Title Only) to amend the FY 2000-2001 Budget Ordinance. Motion properly seconded, and unanimously approved by Council.*

Council Member Ferguson asked what the status was on the political signs as far as what the allowance will be for the upcoming election.

(B.) Administration and Finance Committee

Committee did not meet. No report is available.

(C.) Environmental and Public Safety Committee

Committee Chairman Davis made the following report and recommendations:

(1). Nomination For At-Large Seat. One name had come directly to Council. The committee wanted to be sure the Fire Board was aware of both names. The committee received a letter from the Fire Board supporting one individual. *Vice Chairman Davis made a motion to accept the name of the individual as submitted by the Fire Board to fill the at-large seat. Motion seconded by Council Member Kinley, and unanimously approved by Council.*

At this time, the Council heard a presentation from Mr. Marty Burgess regarding the proposal for the Bear Creek Environmental, Education, and Leadership Center.

Chairman Brown and Mr. Killian responded that it would be either one—upon adoption, or set a time. Vice Chairman Davis said his concern is if it were approved, would the public be notified in ample time. Council Member Murphy opined that the section beginning with “in order to revise...” needs to be deleted, and perform a thorough review of the entire Ordinance to be sure everything is

in order. Vice Chairman asked if the net affect is to open up the entire budget again. The Clerk voiced that it would be necessary to clearly stipulate what is being amended. Council Member Murphy indicated that is what Council has now, as changes were not cited. Mr. Killian asked Council if they desired him to study the Ordinance completely. He also pointed out that if Council has a document that is workable, and was legally adopted, and is the Ordinance that Council is working from and can get through the end of next fiscal year, then the best thing to do is to redo the Ordinance in the spring. *The motion carried. {Vice Chairman Davis voted no.}*

through 45. You have to do that--all the appendices are just like optional, but Chapter one is the one you really need to get down and read hard and you can take segments out of it--we don't want this we don't want this--. One segment in there is Section 105. The vocational school would have to come get a permit to have the welding class."

Davis: "Yeah we don't want to do anything that's not productive, not matter what they..."

Hill: "The city of Columbia does it but they don't charge for their permits, you just get a permit."

Davis: "Well again we will adopt what is absolutely necessary tonight and the others we will get further information on; further study on and modify as needed. Any problem, Council Members? *Hearing no further comments, the Vice Chairman closed public hearing at 6:26 P.M.*

B. An Ordinance To Amend Ordinance No 371, Adopting A Budget Proposed By The County Administrator, Containing Estimates Of Proposed Revenues And Expenditures By The County Of Fairfield For The Fiscal Year Beginning July 1, 2000, And Ending June 30, 2001, And Declaring That Same Shall Constitute The Budget For Fairfield County For Such Fiscal Year. *The Vice Chairman opened public hearing at 6:26 P.M.*

Killian: "This is your amendment that you started sometime back to the existing budget, there were several things that we needed to do as the year went along; as we went through we determined that we needed to wait to the end of the year and make sure we balanced everything out and with the budget you are about to complete. I passed out a sheet of those things that you need to consider. The only thing is that is actually a budget amendment is the first item which is an appropriation from the fund balance for the Recreation Commission that you authorized a purchase of two vehicles last fall, so you'll need to appropriate that balance into this year's budget. The others are just authorizing transfers across departmental lines. Our ordinance does not allow the administrator to transfer across departmental lines--only within departments. The first eight items are actual transfers; the last one is an authorization to make a final payment on the purchase of property from industrial development program—that means industrial development real estate account. The payment is due July 15 but you have sufficient funds in this year's budget; so rather than having to re-budget those dollars, we are requesting that you authorize that payment out of this year's money. That's the listing of transfers and other actions and the budget amendment that we're asking you to consider this evening."

Davis: "In summary, I guess it's twenty seven thousand seventy one dollars fund balance from the Recreation Commission's (2000-2001) budget to pay for a couple of vehicles and you have the other nine items there (internal transfers)."

Killian: "The bottom nine are not new appropriations just the reallocation of existing appropriation. That's the audited 2000 fund balance, is that correct?"

Hearing no further comments, the Vice Chairman closed public hearing at 6:29 P.M.

C. Third and Final Reading: Ordinance No. 398 - An Ordinance Adopting The 2000 Edition Of The International Building, Residential, Plumbing, Mechanical, Fuel Gas, And Fire Codes As The Mandatory Building Codes For Fairfield County, South Carolina. *Council Member Murphy made a motion that Council adopt the mandatory portion of the Code. Motion seconded by Council Member Robinson. The motion carried. {Council Member Brown voted nay}. Council Member Murphy voiced that there were some things in the Code that Council really needs to do, and maintained that work sessions for the public and Council should be scheduled.*

D. Third and Final Reading: Ordinance No. 382 - An Ordinance To Amend Ordinance No 371, Adopting A Budget Proposed By The County Administrator, Containing Estimates Of Proposed Revenues And Expenditures By The County Of Fairfield For The Fiscal Year Beginning July 1, 2000, And Ending June 30, 2001, And Declaring That Same Shall Constitute The Budget For Fairfield County For Such Fiscal Year.

Council Member Robinson made a motion to approve Third and Final Reading of Ordinance No. 382. Repeat of Administrator's

Recommendation: The only thing is that is actually a budget amendment is the first item which is an appropriation from the fund balance for the Recreation Commission that you authorized a purchase of two vehicles last fall, so you'll need to appropriate that balance into this year's budget.
